Poreign Plant Quarantines Lindenhurst

# Peony and Iris Gardens

George Spitzer, West Lafayette, Indiana

## PRICE LIST OF STANDARD VARIETIES OF IRISES

My list of Iris includes the very best standard varieties, many of them equally as beautiful as some of the novelties of recent introduction.

Prices quoted are for strong, clean and healthy roots, selected with care.

Terms are cash with order or before delivery. If

plants are ordered to be shipped by Parcel Post add three cents per plant if less than 10 are ordered, if more than 10 add two cents per plant. Any excess postage will be promptly returned.

Delivery of roots will begin after July 15 and continue until October 20.

The filling of all cash orders will be filled in order in which they are received. No obligation to fill orders after stock is exhausted will be assumed. If stock is exhausted your money will be returned to you promptly.

# LINDENHURST PEONY AND IRIS GARDENS George Spitzger, Prop. West Lafayette, Ind.

Price for

Name and Description Sing	le Root
Ambassadeur—S. Rose lavender, F. deep crim	-
son	$_{\$}1.06$

DWARF EARLY BEARDED IRIS	
Atropurpurea—S. lavender; F. purple	.15 .15
Cyanea—S. rich bright blue, F. dark blue Fairy—Nearly real blue	.15

### COLLECTIONS

Four Iris Collections, the biggest bargains ever offered. Varieties which will always be admired in an Iris garden.

## Supplement to Price List

In addition to prices quoted on single roots of Peonies, I am offering collections of your choice at very reasonable prices.

## For \$3.50

Six Peony roots, 2-5 eye divisions, 2 roots each of any 3 of the following varieties: Felix Crousse, Festiva Maxima, Edulis Superba (the best early pink), Baroness Schroder, Pres. Taft, Pres. Roosevelt, Princess Beatrice (74 lilac rose) and Livingston. No charge for packing; sent by express, not prepaid, or parcel post if postage of 50c is sent. Excess postage will be returned.

I also have a small stock of many iris of more recent introduction. Write me for prices.

One each of Kochii, Dalmatica, Madame Chereau, Loreley, Her Majesty, Gertrude, Monsignor, Princess Vict. Louise, Fairy, Mrs. Allen Gray, Caprice and Perfection.

The collections of Iris as well as others are approved standard varieties of merit. Many of them unequaled for beauty. Note postage, Page 2.

### SOME CULTURAL DIRECTIONS

Time of Planting. Iris can be planted any time of the year, when the ground is not frozen. For best results in this section July and August is the ideal time.

Location. Above all things Iris require plenty of sunlight. They will do well on the east or west side of houses or shrubbery. They require well drained soil; water should not stand where Iris grow.

Character of Soil. Any good garden soil will grow Iris to perfection. Fresh manure should never be used either for top dressing or placed in the soil. In preparing soil for Iris use well rotted manure supplemented with bone meal.

Care of Iris After Once Established. Very little care is necessary. It pays to keep the bed free from decomposing vegetable matter, such as dead leaves, mulch, etc. This should be removed in the spring before growth begins. Established Iris require no winter protection.

I have always endeavored to supply my customers with good strong roots and true to name. This I will continue to do. I want your patronage now and in the future.

My success is measured by my ability to please. If you are pleased, your next order will tell me so. Tell your friends about my collection. My prices are low considering the kind of root I send. If you are not satisfied, tell me; do not tell your friends until you have given me a fair chance to treat you right.

Correspondence solicited for special quotations on quantities of 100 to 1,000.

The same quality of roots will be supplied irrespective of quantity.
